

TMT - Delta User Manual Orange Knowledge Programme

Latest update: May 2019

1. Introduction

The Orange Knowledge Programme [Tailor-Made Training component](#) is meant to improve the overall functioning of an organisation in an OKP country by training a selected group of staff. An organisation facing knowledge and skills problems in achieving its goals can request a tailor-made training course to (partly) eliminate these problems. The request has to be submitted jointly with a Dutch training provider.

Nuffic uses the online registration system [Delta](#). Requesting organisation and Dutch training provider submit a 'joint proposal' for the requested training in Delta.

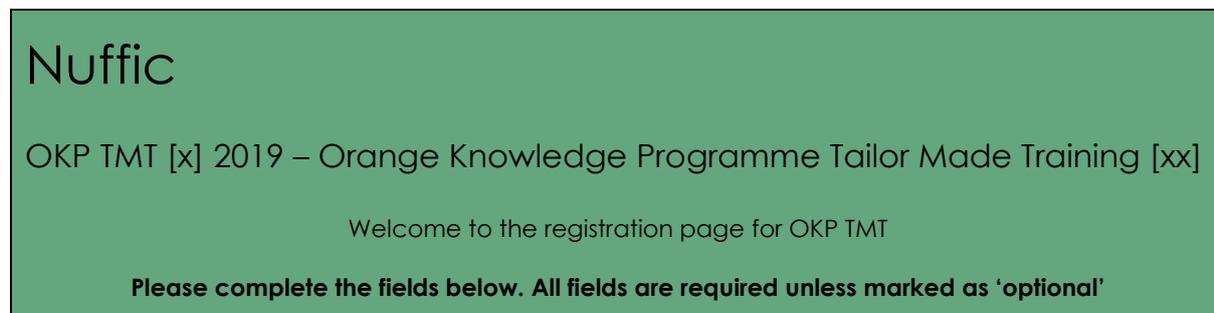

The Dutch training provider will fill in the required data for the proposal in Delta and upload the required documents.

Please be aware that not all browsers work well with Delta. To be sure, it is preferable to make use of Internet Explorer or Google Chrome. Safari is known for not working well.

2. Getting access to Delta

Please use the link provided on the Nuffic web page for this call ("Open calls" page on the Nuffic website). If you click on that link, you get direct access to Delta.

If the deadline for a proposal is open in Delta, you will see the following screen:

3. Preparing your proposal

In Delta you will have to fill in data and upload a number of documents.

Dutch providers should check at an early stage if they appear in the 'Institution' drop down list under 'details Dutch provider'. If not, please mail the following data to tmt@nuffic.nl:

- name
- type of institution (university, university of applied sciences, education institute, vocational education and training college, government, NGO, other)
- city

The upload documents must be ready (in pdf) when you start filling in your proposal, as there is no possibility in Delta to save and continue at a later moment. The following documents need to be uploaded when submitting the proposal:

- Tailor-Made Training (Plus) - Joint Proposal Form - Orange Knowledge Programme
- Budget form group training Orange Knowledge Programme
- Checklist Organisational Capacity Assessment (COCA) group training Orange Knowledge or, if the applicant already has a valid COCA, the COCA registration number issued by Nuffic
- A document containing the CV's of the proposed trainers

Please refer to the relevant open call page for the formats of the documents (with exception of the document for the CV's). All documents have to be submitted in pdf form with a maximum size of 5 MB each.

The Checklist Organisational Capacity – COCA – is a document that we ask from the Dutch training providers. It may need some time to prepare. An approved COCA is valid for a maximum of 1 year and can be used for different applications. You don't need to fill in a new COCA form for a new proposal if you still have a valid COCA form.

You may ask for a COCA assessment and registration at any time, at any time of the year independent of time of the publications of calls. Send your request with the required information and documentation to coca@nuffic.nl.

4. Register in Delta

Start by filling in the basic data of your proposal. All fields are mandatory. Disregard the numbers in "telephone3", "email2", etc.

Start date = date when the preparations for the TMT begin

End date = date when all work for the TMT is over

Duration = net duration of the actual TMT in **days**

Submit application

After filling this in, scroll down to the end of the page and submit your proposal by clicking the button.

After you have clicked the button, a new screen will pop up with the question if you are sure that you wish to submit your proposal.

- With 'Yes' you will submit your proposal.
- With 'No' you will return to the original page to make adjustments.

After you have submitted your joint proposal, a new screen will open:

 **Your application has been successfully submitted!**

You can close this screen.

After submitting you will receive an email with the details of the joint proposal that you submitted.

Please check your spam box if you do not receive this email.

Your uploads will not be visible. Please save your uploads for your own administration.

If you don't get the above mentioned message, you should try again using Internet Explorer or Google Chrome as browser.
